

## Unit Topic: Final Grades Submission

### *Introduction*

Final grades are to be exported to Banner from the DC Connect Grades tool. This document details the process of ensuring your Grade settings are correct and ensuring the appropriate Grade Item is ready for export.

**NOTE:** Do not follow these steps if you are attempting to submit or change marks after the grade submission deadline. To submit final marks after the deadline faculty must complete a Marks Change Form for each student and submit it to their school office.

The Marks Change Form can be found here:

<https://ice.durhamcollege.ca/Forms/Grade%20Change%20STU40.pdf>

If a student has missed an assessment due to extenuating circumstances and it has been agreed that they will complete it after the course end date, you will need to temporarily submit a grade of INC for that student. See the INC Grades document, located on the CTL website, for how to do so: <https://durhamcollege.ca/ctl/wp-content/uploads/sites/6/2025/09/DC-Connect-INC-Grade.pdf>

## Review Grade Data

Prior to grade submission, it is best practice review your grade data and ensure all marks are present and have been input accurately.

For example, you may have students that have stopped coming to class (or have never come to class) but are still present on your class list at semester's end. *It is important that zeroes be input for all incomplete assignments*, even for these “missing” students.

Also, if you are using the Quiz tool to collect assessment data, it is important to manually input zeroes for quizzes that were not attempted.

The easiest way to review this information is to access the **Grades** tool in your course and then visit the **Enter Grades** page.

Be sure to **Switch to Standard View** if you are not already on that view, this will make it easier to identify gaps in your grade data. Click the **Switch to Standard View** button on the right side of the page to do so.

In this view, look for cells that have a “-” (dash) as a placeholder instead of a numerical value.

A screenshot of a grade entry table. The table has columns for student information and five assessment weeks (W1O, W2O, W2I, W3I, W4O). The first row shows a student named "Student, Demo". The second row shows scores: 1 / 2, 50 for W1O; - / 2, - for W2O; 8 / 10, 80 for W2I; 7.5 / 10, 75 for W3I; and 2 / 2, 100 for W4O. A red arrow points to the cell containing "- / 2, -".

Last Name ▲, First Name	P1 ▼				
	W1O ▼	W2O ▼	W2I ▼	W3I ▼	W4O ▼
Student, Demo	1 / 2, 50	- / 2, -	8 / 10, 80	7.5 / 10, 75	2 / 2, 100

This indicates that the assessment is NOT used in the calculation of the final grade, possibly inflating that calculation.

Input zeroes where appropriate.

## Grade Settings

### Confirming the Grade Scheme

The default grade scheme for a new DC Connect course is **Percentage – DC Standard**. However, if you have copied your gradebook from a previous semester, this setting might have changed.

To confirm the proper grade scheme for a successful grade export, navigate to the **Schemes** page of the **Grades** tool.

Scheme Name	Default Scheme	Set As Default
Organization Schemes		
Percentage ⓘ		✓
P/F - 100 Pass		✓
P/F - 50 Pass		✓
P/F - 60 Pass		✓
P/F - 70 Pass		✓
P/F - 80 Pass		✓
Pass-Fail		✓
Percentage - DC Standard	✓	
SAT/UNS - 50 Sat		✓

If there is a checkmark in the **Default Scheme** column and the **Percentage – DC Standard** row, your grade scheme setting is correct.

If not, set the **Percentage – DC Standard** scheme by clicking on the checkmark in the **Set As Default** column and **Percentage – DC Standard** row. A pop-up window will appear asking you to confirm your selection.

**Confirmation**  
  
Are you sure you want to set 'Percentage - DC Standard' as the default grade scheme for the org unit?

Click **Yes**.

**NOTE:** It is rare that one of the other grade schemes is required for your course. However, for Pass/Fail courses another scheme is required. Please contact CTL staff in SW101 of the Gordon Wiley building to assist you with selecting the appropriate gradebook settings.

## Confirming the Grade Item to Be Sent to Banner

Before you export your final grades to Banner, you must confirm that the correct item (**Final Calculated Grade** or Final Adjusted Grade) is selected for export.

Navigate to the **Grades** tool and click on the **Settings** link.

Click on the **Calculations Options** tab.

Under the Final Grade Released title, select **Calculated Final Grade**.

Scroll to the bottom of the page and click **Save**.

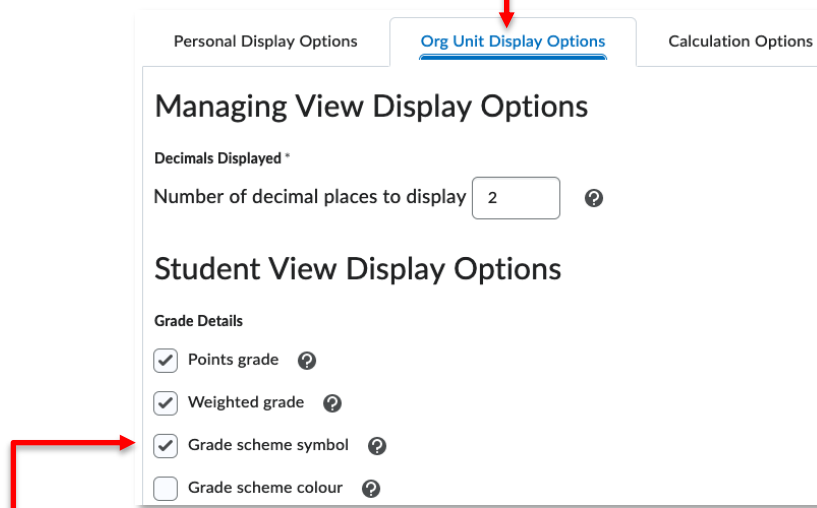

**NOTE:** Use of the Adjusted Final Grade option is not recommended. However, there are rare occasions where use of the Adjusted Final Grade option is required. Courses with multiple instructors, for example. Please contact CTL staff in SW101 of the Gordon Wiley building to assist you with selecting the appropriate gradebook settings.

## Confirming the Org Unit Display Options

To avoid a possible export error, it is good practice to confirm the **Org Unit Display Options**. Navigate to the **Grades** tool and click on the **Settings** link.

Click on the **Org Unit Display Options** tab.

The **Grade scheme symbol** option under the **Student View Display Options** title *must* be checked. Otherwise, an error will occur when attempting to export your grades.

It is possible that an override setting of the Final Calculated Grade may cause the same export error.

Return to the course **Grades** and click directly on the **Final Calculated Grade** item to edit/view its properties.

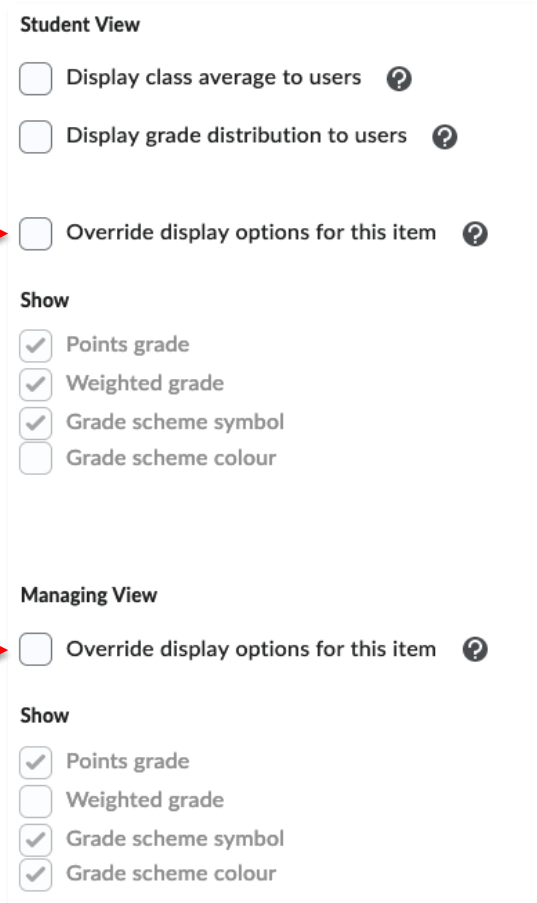

Scroll down to the **Display Options** and click the **Show Display Options** if they are not visible.

Disable any Overrides that may have been set.

You will know the Override is disabled when the property is *unchecked*.

The screenshot shows a settings panel with two sections: 'Student View' and 'Managing View'. Each section has an 'Override display options for this item' checkbox, which is unchecked in both. Red arrows point from the instructional text on the left to these two checkboxes. Below each override checkbox is a 'Show' section with four options: 'Points grade' (checked), 'Weighted grade' (checked), 'Grade scheme symbol' (checked), and 'Grade scheme colour' (unchecked).

Once the export is complete, a report will indicate any problems that occurred (e.g., Banner has rejected the grade).

← Click the **Continue** button to view the results of your export.

You will be returned to the Export Grades to Banner page.

Confirm that all your students have the **Accepted by Banner** message in the Status column.

!Student, Demo	89	Yes		Accepted By Banner	Banner indicates the grade is already submitted
----------------	----	-----	---	--------------------------	---

Your marks have been successfully exported to Banner.

**NOTE:** Do not alter grades in DC Connect after the grade submission deadline unless you are inputting marks for a student who has been assigned an INC grade.

Be careful not to click the **Export All Grades** button again. This will lead to confusing errors. However, it will not corrupt the grades you've already sent.

If your grade export is unsuccessful, please review this document and confirm your settings prior to clicking the **Export to Banner** and **Export All Grades** buttons. If errors persist, please contact CTL staff in SW101 of the Gordon Wiley building.

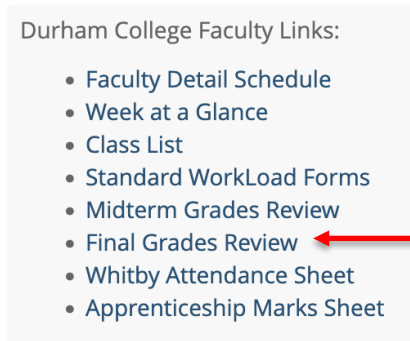

## Banner Self Service Export Confirmation

### Final Grades Review

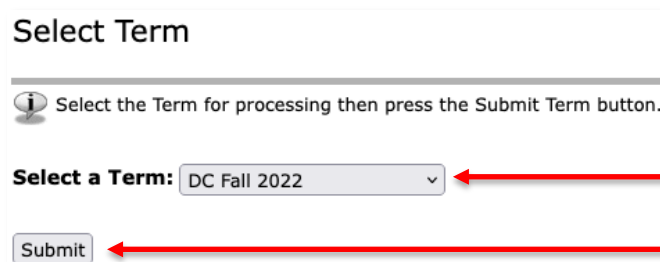

You can confirm that the final grades were successfully exported to Banner by visiting the **Final Grades Review** page in the Advisor/Faculty Self-Service portal, which can be accessed from [ICE](#).

Once on the ICE website, click on the **Self-Service** navigation item. Then click on the **Advisor/Faculty Self-Service** link and authenticate using your network credentials.

From the next menu, click the **Final Grades Review** link.

The Final Grades Review page should open in a new tab of your browser.
