SALS Terminology

SALS ONLINE

24/7 online access to SALS academic resources (practice tests, workshops, videos, worksheets, and quizzes), which are available by free registration on your DC Connect homepage. There are six academic modules: Writing/Peer Tutoring/Learning Skills, Anatomy/Physiology/Biology, Chemistry, Business/Accounting, Math, and Physics.

Staff Support

Appointments: One-to-one or small group appointments for learning skills, writing skills, or course-specific questions with staff can be booked by calling or visiting SALS. Limit of two appointments per week, must be with different staff.

Tutorials: Three or more students can schedule a weekly 50-minute tutorial with a staff member to review course specific materials and questions.

Workshops: Available both online and in-person, workshops cover a variety of learning and writing skills in 50 minute sessions. For in-person workshops, sign-up at SALS is required.

Peer Tutoring

Peer group tutoring: Meet with senior students for small group tutoring. Visit SALS for availability.

Other Peer Support: One-to-one or small group appointments for writing skills, learning skills, math and science help. Visit SALS for availability.

Peer tutoring: Meet with upper year students to review course material, for up to two courses per semester ($10 per course). Application required.

Other Resources

Study Rooms, reference textbooks, tip sheets, computers/printer and study space
