International Business Management Program
International Student from Argentina

STUDENT TESTIMONIAL

As an international student, I have experienced several challenges, both in my academic journey and also with visa-related concerns. That is why I am incredibly grateful for the support the International Student Advisors (ISAs) at Durham College have provided whenever I needed help.

I remember a time when I had to reach out to the ISA team for advice. They were extremely professional and cordial, willing to assist me every step of the way. The information they shared was invaluable and helped me resolve my issue effectively. Their expertise and reliability are truly commendable.

To any student facing challenges, I strongly recommend never hesitating to seek help. The ISA team, along with other Durham College advisors, are always there to support you. Thank you so much for the incredible support you have given me and everything you do for international students like me!
