A course outline should include: A course description, details regarding hours of instruction, learning outcomes, week-by-week topic breakdown, grade evaluation, etc.

Please note: If you select a grade of SAT, the course outline provided MUST indicate that at least a 60%/C was needed to receive credit in the course.

By submitting your application, you acknowledge that you've read all of the following items and your application meets the criteria detailed to the best of your ability. **Please read and accept all conditions detailed below prior to submitting your request.** If you have questions regarding any of these terms, please contact transfers@durhamcollege.ca.

- Courses should be equivalent in both **content** and **hours**. A subject matter expert will review submitted course documentation to determine if a minimum 80% similarity is evident in content and learning outcomes.
- Courses completed more than four years prior may be denied on the basis of age if the course learning outcomes are dated. This is particularly true of fields where learning changes rapidly, such as with computers. General Education elective courses do not have a time limit.
- It is your responsibility to provide appropriate supporting documentation (course outline with listed learning outcomes) as evidence of equivalency. Requests without sufficient documentation cannot be processed.
- Prior learning completed at a career college or private institution is not eligible for credit transfer. You should investigate Prior Learning Assessment and Recognition (PLAR): www.durhamcollege.ca/plar.
- Please be aware that courses approved as equivalent and dropped from your timetable may impact your full-time enrolment status, which could impact OSAP funding. If dropping more than two courses, it would be advisable to contact Financial Aid.
- Fees are not refunded for successful credit transfer requests unless you drop to a part-time status.

If you agree to the terms above and your previous courses were completed at Durham College, your request will be submitted when you select "Submit".
 If you agree to the terms above and your previous courses were complete at another recognized post-secondary institution, you will be directed to the payment page when you select "Submit."

11. Review payment information.

1. If you pay in person, you will be provided with a page you can print for reference. The evaluation process will begin after payment is made.
2. Alternatively, you may pay by credit card to start the process right away.
