## Message from the president

---

It's finally here – Convocation. The day when your hard work and successes, both inside and outside the classroom, are formally recognized in front of your families, friends, mentors and supporters. The day you receive your Durham College credential and the day that marks both an end and a beginning. A day to celebrate.

While your time as a Durham College student has come to an end, the next part of your journey is about to begin. Whether continuing with your studies or entering the world of work, do so with confidence, knowing you've learned the skills you need to succeed, refined in Durham College's classes, shops and labs, during participation in applied research and through field and co-op placements.

Thanks to those experiential learning opportunities and your determination, you are graduating with a competitive advantage. I encourage you to make the most of it. Continue seeking guidance from experts in their fields, be open to the power of mentorship and know that the entire Durham College community is cheering for you.

Enjoy today's ceremony and take a moment to reflect on all you have accomplished to bring you to this point. All the best in your future.

Congratulations to the class of 2022.

President, Durham College

## Message from the board chair

---

Dear graduate,

On behalf of the Durham College Board of Governors, I would like to offer my sincere congratulations to the class of 2022.

Much of the work we do as a board is conducted during meetings as we gather to discuss the college's mission, vision, strategies and overall governance. We are committed to governing the college so it can provide the programs and services you need to be successful in your post-secondary career.

Being able to witness students receiving their credentials brings our work at the college sharply into focus. We can see the results of our discussions and decisions represented in each graduate that proudly crosses the Convocation stage. It is an honour to have played a role in your educational journey, and we wish you all the best in the days, months and years ahead.

We hope you will remember your time at Durham College with fondness, and that you will take all that you have learned to create the life you've always dreamed of. If you continue to face the future with the same determination and effort you put into earning your diploma, degree or certificate, the board is confident that you will succeed.

Again, congratulations and best of luck in your future endeavours.

A stylized, handwritten signature in black ink, appearing to read 'Gary Rose'.

Gary Rose

Chair, Durham College Board of Governors

## INDIGENOUS LAND ACKNOWLEDGEMENT

We recognize the lands on which we gather are covered under the Williams Treaties and rest within the traditional territory of the Mississaugas, a branch of the Anishinaabeg Nation, which also includes Algonquin, Chippewa, Odawa, Ojibway and Pottawatomi. It is through the treaty process that we are able to live, learn, teach and prosper in this region.

We acknowledge with gratitude this land and the Indigenous Peoples who have cared for and continue to protect Turtle Island (North America) and its resources. We commit to the responsibility of reconciliation and the work of increasing awareness and understanding of our shared history. We do so by recognizing the past and working towards a shared future as friends and allies.

## Thao Nghiem

Since graduating from the Music Business Administration (MBA) program at Durham College in 2018, Thao Nghiem has been in tune with emerging trends in the Canadian and international music industries. Currently based in Toronto, her latest initiative as co-founder of the Vietnam Music Industry Network (VMIN) has introduced exciting opportunities to support the music industry in her native country while honouring her Vietnamese culture.

In June 2021, after three years of planning, Thao and her VMIN partners successfully launched the first annual Vietnam Music Week (VMW). With more than 250 attendees, this five-day virtual conference featured 30 guest speakers, companies and organizations, and offered engaging panel discussions, keynote presentations and success stories.

Prior to VMW, Thao was an independent licensing and royalty liaison at the Canadian Musical Reproduction Rights Agency (CMRRA) in Toronto where she was recognized with the 2021 Employee of the Year award. Representing music rights holders and offering various licensing services, her role has helped build a foundation for her own entrepreneurial ventures. Today, she works as a Marketing Manager for Small World Music, a non-profit organization that celebrates cultural diversity and showcases a range of local, domestic and international talent to audiences across the GTA.

In the past five years, Thao developed meaningful connections on campus at DC and in the community, acting as co-director of the Oshawa Music Awards (OMAs), a music award show dedicated to celebrating music and talent in Durham Region.

*Registered Nursing, 2004*

Since graduating from Durham College's Nursing program in 2004, Nicole has continued her academic path attaining her Bachelor of Science degree, as well as a Master of Nursing and Doctor of Nursing Practice, both with a specialization in Indigenous Health.

Nicole is a proud member of Algonquins of Pikwakanagan First Nation and has dedicated her advanced practice nursing career to enhancing the health of the Indigenous Peoples of Canada.

Following her graduation from Durham College, Nicole worked as a registered nurse at Princess Margaret Hospital in the Medical/Radiation Oncology unit. Upon completing her master's degree from the University of Toronto, she accepted a position as director of professional practice for Weeneebayko Area Health Authority; a First Nation governed health authority located in the isolated James and Hudson Bay regions of northeastern Ontario. After devoting more than five years to improving health in Moose Factory and surrounding communities, Nicole returned to the Durham Region for leadership positions with their Health Department, and later with the Mississaugas of Scugog Island First Nation.

### Kristin Atwood

*Culinary Management, 2016 and Advanced Baking and Pastry Arts, 2017*

Kristin Atwood has been combining her passion for food and filmmaking since graduating from Durham College's Culinary Management program and Advanced Baking and Pastry Arts programs in 2016 and 2017, respectively. What began as a freelance job creating media content for local restaurants has since evolved into an award-winning independent production company called Chef Studio, where she produces cooking tutorials and web series that bring the joy and magic of cooking to digital streaming and video-on-demand platforms.

With more than eight million views on her channel, Kristin has been able to turn Chef Studio into a thriving full-time job, allowing her to showcase her creativity and skill in cinematography, as well as her culinary prowess as she helps others learn to cook. In 2021, her At Home Pasta series was nominated for an Emmy® Award in the Outstanding Single Camera Editing category. The series was also nominated for two Webby Awards in the Best Food and Drink and Best How-To, Explainer and DIY categories.

Prior to her Emmy® nomination, Kristin was named Best New Filmmaker by the Canadian Diversity Film Festival in 2021, and recognized in 2020 with a prestigious nomination for a James Beard Foundation Award – America's most coveted and comprehensive honour for chefs, restaurants, journalists, authors and other leaders in the food and beverage industry – for her series The Crumby Bits. She also received nominations in The Shorty Awards for Best Instructional Video and Best Micro-Influencer Strategy.

Recently, Kristin was awarded a Sony Alpha Female+ Grant, which provided funding for her to pursue a unique video project that will help her create more content to share with the world. She currently works for LS Productions, an agency specializing in commercials, film and TV, music videos and fashion and sports shoots in the United Kingdom.
