

General Education Electives

2023-2024

- Please refer to your Program of Study to determine if a General Education Elective (GNED) requirement exists for your program. Some programs may require that one of your GNEDs be a First Nations, Métis, and Inuit (FNMI) General Education Elective course.
- Professional and Part-time Learning students should refer to the Program Restrictions column to ensure your program is **not listed** before registering for a GNED. **If you are not completing a program through PPL, please consult your academic school for confirmation of any GNED restrictions for your program.**
- Courses which can be fast-tracked are indicated by an asterisk (*) beside the course code.
- Monthly Intake courses are indicated by "Online/MI", which means that these courses have various start dates throughout a semester.
- Not all courses are available every semester. Please visit the [General Education Electives webpage](#) and click on the course titles to view current course availability.
