- 5.2.1. When an Indigenous ceremony using smoke is planned for an indoor location other than a designated site(s) created under this policy, the following actions will occur:
- 5.2.1.1 Event organizers will assess proximity to work areas or public spaces that are occupied by persons who could be negatively impacted by the smoke or scent from the ceremonies before selecting a site for occasional use.
- 5.2.1.2 A Hot Work permit will be completed by the event organizer and sent to Facilities for approval. This online permit is available to college employees on ICE.
- 5.2.1.3 If the Hot Work permit is approved, Facilities will notify the Office of Campus Safety (OCS) to confirm the fire alarm bypass and will copy the requestor for their information.
- 5.2.1.4 Event organizers will submit an Application for On-Campus Event along with their approved hot work permit to the manager, Risk Management at least ten (10) days prior to the event.
