

## TOSHEEL GAJUDDHUR

Mechanical Engineering Technician Program  
International Student from Mauritius

# STUDENT TESTIMONIAL

The support I received from Durham College was exceptional. The Durham College Student Association (DCSA) played a key role in helping me feel welcome, providing a variety of resources and social events that allowed me to connect with fellow students.

Additionally, the Institute of Student Leadership (ISL) helped me grow both personally and professionally, while the Campus Recreation and Wellness Center provided a much-needed space to unwind and stay active.

Throughout my time in the Mechanical Engineering Technician Program, I felt fully supported by my professors. The guidance, resources, and opportunities they provided made all the difference in ensuring I could focus on my studies and succeed, both academically and personally.

I am truly grateful for my time at Durham College. The inclusive and welcoming environment helped me overcome the challenges I faced as an international student and has set me up for success in my future career.
