INDIGENOUS LAND ACKNOWLEDGEMENT

We recognize the lands on which we gather are covered under the Williams Treaties and rest within the traditional territory of the Mississaugas, a branch of the Anishinaabeg Nation, which also includes Algonquin, Chippewa, Odawa, Ojibway and Pottawatomi. It is through the treaty process that we are able to live, learn, teach and prosper in this region.

We acknowledge with gratitude this land and the Indigenous Peoples who have cared for and continue to protect Turtle Island (North America) and its resources. We commit to the responsibility of reconciliation and the work of increasing awareness and understanding of our shared history. We do so by recognizing the past and working towards a shared future as friends and allies.

TOBACCO TIE CEREMONY

To recognize and honour the importance of sharing Indigenous knowledge, a tobacco tie is being offered to Indigenous platform party members during Convocation as a sign of respect and gratitude.

The first of the four Anishinaabe sacred medicines, tobacco is commonly used to open the lines of communication. When asking a Traditional Knowledge Keeper to share their knowledge or attend an event, the tobacco tie is often exchanged between the two parties. As such, the Traditional Knowledge Keeper agrees to what is being asked of them and the person offering the tobacco tie is to respect Indigenous teachings and those who share them.

WEDNESDAY, JUNE 14 — MORNING CEREMONY

Matt Hamilton

Since graduating from Durham College's (DC) Chemical Engineering Technology program in 2014, Matt Hamilton has held a variety of roles within the automotive industry.

He began working at the chemical company BASF, where he provided technical guidance and support to the General Motors (GM) Oshawa Assembly Plant. Utilizing the skills learned at DC, Matt supported production operations and quickly troubleshoot problems. In 2015, he joined GM as a Production Supervisor, overseeing several production groups and quality operations throughout GM Oshawa's Paint Shop. As an active member of an employee resource group, Matt also focused on mentoring new employees, running social events and giving back to the local communities where GM operated.

In 2019, Matt relocated to Ottawa to become GM's District Manager of Vehicle Sales and Marketing for Eastern Ontario, supporting dealership operations in 15 towns and cities. Matt returned to the GM Oshawa Assembly Plant as a Maintenance Supervisor in April 2021 to launch the new full-sized truck plant before transitioning to his current role as Maintenance Planner, Paint Department.

Matt's journey since graduation has had many challenges that he has been able to successfully overcome and attributes his success to the knowledge gained and connections made during his time at DC.

MONDAY, JUNE 12 — EVENING CEREMONY

Stew MacDonald

Stew MacDonald has made quite an impact on the sporting landscape of western Canada since graduating from Durham College's (DC) Sports Administration program in 1981.

After graduation, the first stop on his professional journey was Regina, Saskatchewan, where he served as director of marketing and publicity for the Pats of the Western Hockey League (WHL). In 1987 he joined the Edmonton Oilers of the National Hockey League (NHL), where he served as director of marketing for over a decade. In 1998 he was named chief operating officer of the American Hockey League's (AHL) Saint John Flames and guided the club for five seasons.

He rejoined the Oilers in 2004 and has spent the last two decades in senior management roles with the organization. He was named president and chief revenue officer of OEG Sports & Entertainment in 2021. In his current role, he guides a team responsible for ticket sales, premium seating, corporate sales, marketing and business intelligence for the Oilers, the WHL's Edmonton Oil Kings, the AHL's Bakersfield Condors and Rogers Place arena.

Noor Ra'fat Ibrahim

Noor Ra'fat Ibrahim is a television news on-air personality and broadcast professional who is always ready to chase the next breaking news story. She is currently a community reporter and weather anchor at Global News Toronto.

Born and raised in Saudi Arabia to Egyptian parents, Noor came to Canada in 2015 as an international student in pursuit of post-secondary education. Two years later, Noor crossed the stage at the Tribute Communities Centre as the Class of 2017's highest-ranking graduate in Durham College's (DC) Journalism – Broadcast and Electronic Media program.

In 2017, Noor enrolled in Trent University's Media Studies (Honours) program and graduated on the President's List in 2019.

With an eye – and an ear – for immersive storytelling, Noor's passion for broadcasting led her to Global News where she served as a reporter, news anchor and morning host in Peterborough for four years. During that time, Noor debunked myths and analyzed viral misinformation affecting national and international audiences in her segment "Fact or Fiction." Covering a variety of topics, Noor delivered newscasts for a number of radio stations, including 101.5 The Wolf and 100.5 Fresh Radio.

In the summer of 2023, Noor moved to Toronto to tell community stories that matter to the Greater Toronto Area. On weekends, she delivers weather for the entire country, across eight networks.

2023 Alumni of Distinction

Christine Cunningham

Social Service Worker, 2015

Less than a decade after graduating from the Social Service Worker program, Christine Cunningham has established herself as a leader in the field of perinatal mental health, supporting hundreds of women in need.

Christine runs a successful counselling private practice that serves perinatal clients (those who are pregnant, trying to conceive, or welcoming a baby into their family). She is also the founder and executive director of Perinatal Wellbeing Ontario (PWO), a not-for-profit organization that provides free to low-cost mental health supports to those living with a perinatal mood and anxiety disorder (PMAD).

With OHIP-covered PMAD programs in short supply and high demand, Christine founded PWO to help fill the gap. They offer a number of valuable services for those who don't have access to care elsewhere, including individual or group therapy and peer support programs, free e-courses for those experiencing symptoms of PMADs, as well as a podcast about challenges in the perinatal period.

Christine also works to increase awareness of PMADs and their impacts on parents and families, and provides support and mentoring through education sessions, one-on-one consultation and supervision with other therapists.

Her contributions to volunteerism have been recognized with several awards, and she works to ensure the future of quality PMAD care by acting as a placement supervisor for Social Service Worker students from Durham College and psychotherapy students from universities throughout Ontario.

2023 Alumni of Distinction (continued)

Stew MacDonald

Sports Administration, 1981

Stew MacDonald has made quite an impact on the sporting landscape of western Canada.

After graduation, the first stop on his professional journey was Regina, Saskatchewan, where he served as director of marketing and publicity for the Pats of the Western Hockey League (WHL). In 1987, he joined the Edmonton Oilers of the National Hockey League (NHL), where he served as director of marketing for over a decade. In 1998, he was named chief operating officer of the American Hockey League's (AHL) Saint John Flames and guided the club for five seasons.

He rejoined the Oilers in 2004 and has spent the last two decades in senior management roles with the organization and was named president and chief revenue officer of OEG Sports & Entertainment in 2021. In his current role, he guides a team responsible for ticket sales, premium seating, corporate sales, marketing and business intelligence for the Oilers, the WHL's Edmonton Oil Kings, the AHL's Bakersfield Condors and Rogers Place arena.

His teams have won three Stanley Cup Championships, as well as one Calder Cup and one Memorial Cup. He continues to support Durham College as an Alumni Leader, a participant in the DC Talks: Alumni Series, and a mentor to students.

2023 Alumni of Distinction (continued)

Tre Sanderson

Culinary Management, 2015

Tre Sanderson has made a name for himself as one of the most talented chefs in Canada.

He was the winner of Food Network Canada's Top Chef Canada Season 10, showcasing his impressive culinary skills and passion for food. A first-generation Canadian with Jamaican roots, Chef Tre is inspired by his Caribbean heritage and infuses it into every dish he creates. His dishes are a reflection of his unique culinary perspective, artful plating, and explosive flavours that have earned him numerous accolades and recognition in the industry.

Chef Tre has worked in some of Toronto's best kitchens throughout his career. He has been able to incorporate diverse culinary influences into his own creations, making him a dynamic and innovative chef. In 2023, he was awarded the Restaurants Canada Culinary Award of Excellence. He was also named one of Kostuch Media's Top 30-Under-30.

Chef Tre is proud to be recognized as the first Black chef to win Top Chef Canada and is honoured to be inspiring the next generation of young diverse chefs. He is a firm believer in the power of food to unite people from all walks of life and is passionate about promoting diversity in the culinary world.
